**CHEROKEE FOCUS**

*PEOPLE ~ PARTNERSHIPS ~ POSSIBILITIES*

# Welcome to the Cherokee County Resource Guide

The Cherokee County Resource Guide has been produced for the community as an initiative of the Cherokee FOCUS collaborative. On behalf of our officers, directors, partners, and staff we would like to take this opportunity to encourage you to look through the guide and familiarize yourself with the agencies, organizations, and individuals who are helping to strengthen the children and families of Cherokee County. Please use this guide as a reference to refer individuals who may be in need of these various support services.

As with any directory of this nature, phone numbers, addresses, services and other contact information may change on a daily basis. For current information please refer to the online Cherokee County Resource Guide at [www.cherokeefocus.org](http://www.cherokeefocus.org).

If you are aware of information listed that needs to be updated or service providers who need to be added, please forward the information to [info@cherokeefocus.org](mailto:info@cherokeefocus.org). And, while this published guide cannot be updated, information will be updated on the website version.

Most organizations and agencies listed in this guide are also in need of your support. Please refer to this guide when you are looking for volunteer and donation opportunities. Many of these service providers need and can take individual and volunteer groups for ongoing and special projects. In tough economic times, financial support for these organizations becomes strained while more of our community members find themselves in need of support services. Please remember these organizations in your annual gifts or planned giving.

Cherokee FOCUS would like to thank Anna Polson and the Kennesaw State University college of Human Services for their support in the development of the Cherokee County Resource Guide possible.

Sincerely,

Sonia Carruthers  
Executive Director

## **Letter from the Author**

The Cherokee County Resource Guide has been created to serve as an aide to the many organizations and nonprofits within the county. It is intended to make finding resources more efficient and accurate. The resource guide has not been updated since 2009 and has left a gap in the service delivery process. Cherokee FOCUS serves as the meeting place for local organizations and nonprofit representative organization for Cherokee County. Cherokee FOCUS has been responsible for creating and maintaining the resource guide as they serve as the collaborative meeting host, and connect local organizations together.

As a Human Services student at Kennesaw State University with a concentration in nonprofit management, I served as an intern with Cherokee FOCUS. My responsibilities for the organization were to recreate the Cherokee County Resource guide, so it could be distributed throughout the community. New categories and resources have been added to the guide to improve the usefulness for all county residents. The guide has been updated to provide a better glimpse into the strengths and services available in Cherokee County.

Sincerely,

Anna Polson  
Office Administrator, Cherokee FOCUS

# Who is Cherokee FOCUS

Cherokee FOCUS is an “umbrella” organization and does not provide direct services. The work of this 501(c) 3 nonprofit is accomplished through community partnerships. The strength of this collaborative partnership of organizations, agencies, civic clubs, the faith based community, law enforcement, education, families and individuals resides in cooperation. Cherokee FOCUS provides the opportunity for leveraging resources, skills, expertise and funding to support, create and develop programs and initiatives that will support the families and children of Cherokee County through a means that could not be accomplished by one agency or individual alone.

## **Our Mission:**

Strengthening families, youth, and individuals through collaboration of community resources, skills, and expertise by reducing and preventing youth substance abuse, enhancing educational opportunities, and improving housing alternatives for a stronger Cherokee County.

## **Our Vision:**

We are an empowered community of thriving families.

## **Our Values:**

Families are our bottom line!

Parents make a difference

Youth can positively affect youth

The community cares and will mobilize for action

Organizations collaborate to strengthen and support the community

## **Our Initiatives:**

Cherokee Youth Works

Drug Free Cherokee

Hotel to Home (Housing and Homeless)

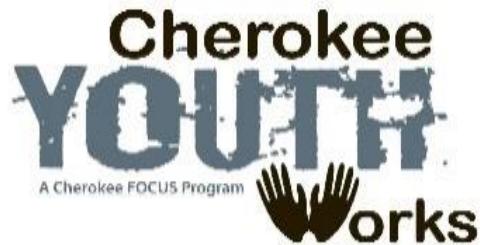

Cherokee County Youth Council

Cherokee County Suicide Prevention Coalition

# Cherokee Youth Works

Developed by Cherokee FOCUS to enhance the lives of the youth of Cherokee County and to help youth to become the best they can be. Cherokee Youth Works was developed and designed to fill the gaps in the lives of youth who lack the family, educational, and social frameworks to meet their essential needs. Youth are given authentic opportunities to make meaningful contributions to their community. Our mission is to address the needs of the whole youth including education, relationship skills, independent living skills, and work ethic.

## Education:

- Assist youth ages 16-24 in earning a GED (General Education Diploma)
- Work with youth to enroll in college or other training programs
- Assist college students in maintaining academic success while in college

## Life Skills:

- Provide classes regarding independent living such as budgeting, vehicle purchase, and housing options
- Teach students soft skills such as dependability, timeliness, and accountability

## Work Readiness:

- Instruct students in work readiness topics such as interviewing, job search and appropriate attire
- Allow students to practice work readiness skills through practical projects
- Assist youth in obtaining employment and/or internships

# Drug Free Cherokee

Drug Free Cherokee (DFC) is a local community coalition in Cherokee County established in 2004 whose mission is developing a drug free Cherokee county through a collaboration of resources for individuals and families. DFC is composed of local youth serving organizations, business, law enforcement, civic organizations, healthcare, schools, media, faith community, government agencies, substance abuse organizations, parents and youth. These community representatives work together to develop and implement initiatives to prevent drug and alcohol use among the youth of our community.

Over the years the DFC coalition has established the Cherokee Youth Council, which includes local 9<sup>th</sup>-12<sup>th</sup> grade youth. These young leaders develop an annual strategic plan for preventing and reducing alcohol and drug abuse among their peers and act as advisors to the coalition.

Through the help of the Cherokee Youth Council, DFC began the Cherokee Youth Challenge. DFC is responsible for alcohol sticker shock campaigns alerting adults to the penalties for providing to minors; the prom campaign to discourage adults from providing alcohol to minors during prom season, spring break and graduation celebrations; and the 100% tobacco free campaign to reduce the use of tobacco among students.
